

Bah 11/14 Miss chain evidence means
could not prove these pix, Xrays of
autopsy. No reason for chan possession
not to exist since DJ, which certainly
know the law of evidence and the requi-
rements of courts, handled. An recon-
struction of this chain after this must
be regarded with suspicion for it should
not for one moment have been missing. I
suggest that the missing links are more
likely not connected with the K family
and are more likely connected with govt
investigators. Ref to Specter Dallas
Kelley, etc. The docs could not
"authenticate" the pictures, the
open deception practised by the govt,
for they never saw them after developed
unless there has been wholesale perjury.
